

CA NetMaster® Network Management for TCP/IP Product Navigation 100

EDUCATION COURSE DESCRIPTION

SUPPORTED PRODUCT RELEASES

CA NetMaster® Network Management for TCP/IP Version 12.2

COURSE TYPE, LENGTH, & CODE

- Delivery Method: WBT
- Duration: 20 minutes
- 06NMR10100

PREREQUISITES

- Basic familiarity with logging on to z/OS applications such as TSO

WHO SHOULD ATTEND

- Network Administrators
- Network Operators

Course Overview

CA NetMaster® Network Management for TCP/IP provides for the management and monitoring of your network infrastructure, devices, events and connections to facilitate high availability and performance for TCP/IP-enabled mainframe applications. By monitoring network health, tuning performance and proactively diagnosing and fixing issues before they're likely to affect business operations, the product helps you achieve reliable network connectivity.

This course prepares you to successfully navigate and interact with the product.

This Course Will Show You How To:

- Log in to CA NetMaster NM for TCP/IP.
- Navigate between menus using shortcuts and concatenated commands.
- Explain how to use the Function keys to facilitate product navigation.
- Display selection lists.
- Access and use the Command Entry screen.
- Access and navigate the Activity Log.
